

## HD2-S Robot with Manipulator

---

### HD2-PTZA-000.353.3 Basic Configuration

The SuperDroid Robots HD2-PTZA-000 Surveillance Robot is a large sized, rugged robot that can be quickly deployed in an emergency. Weighing ~130 lbs, this treaded robot is equipped with an arm making it ideal for hostage and hazardous surveillance and inspection, door opening, remote surveillance and EOD disposal.

*Images shown may not be an exact representation of the robot's features listed in this document*

## Specifications:

- **Robot:**
  - Enclosed weatherproof chassis
  - Rubber tracks for all terrain navigation
  - Lithium Iron Phosphate (LFP) battery system, 24V 19.2 Ah
  - Speed: 0 to 110 ft. per minute, infinitely adjustable
  - Up to 8 hours of runtime
  - Weight: 130lbs
  - Dimensions (L x W x H): 40 x 22 x 26 inches (arm stowed)
  - Ground clearance: 2.5 inches
  - Easily removable batteries
- **4-Axis arm**
  - Robust arm for improved versatility
  - Position feedback: Position values sent to OCU
  - Vertical reach: 70.5 inches. Horizontal reach: 54.5"

- Arm payload: 20 lbs. fully extended
- Shoulder rotation: 180 degrees
- Elbow rotation: 180 degrees
- Wrist: continuous rotation
- Parallel Finger Gripper: 5" opening with 65lb squeeze force
- **Camera system**
  - Primary 30X zoom 360 Pan and Tilt camera mounted on the base of the arm high intensity LED light
- **Operator Control Unit (OCU)**
  - 2.4GHz high power digital radios
  - Integrated joysticks to intuitively control drive, cameras, and manipulator
  - Tablet with 7" touch screen.
  - On Screen Display for status/information
  - Video recording and image snapshots
  - Lithium-ion battery, 11.1V 10Ah
  - Rugged Pelican case style enclosure
- **Battery Charging** - The smart chargers are fully automatic and will charge all the batteries simultaneously with a single 115VAC plug (230 VAC also available upon request).
- **NIST Qualified Design** – Outperformed competition at National Institute of Standards and Technology event
- **Unlimited Technical Support**
- **Training Video and PDF Operation Manual**

### Available Options and Upgrades:

- **Repeaters and monitoring stations** – Repeaters and monitoring stations are available to significantly increase the robot's operating range and/or assist second entry teams.
- **Upgraded Tablet** – Upgrade to a Microsoft Surface Pro Tablet with 12" touch screen.
- **Camera** – We offer many camera configurations and options. We can supply Full HD systems or thermal imaging system.
- **Audio** – Add 1-way or 2-way audio for conversation monitoring or hostage negotiation.
- **Lighting** – Add LED Flood lights and/or a CREE LED Spotlight and Tactical Laser Pointer to the PTZ camera.
- **Image Processing** - Video image processor with multiple views including quad view and split screen.
- **Arm Upgrades** - Upgrade the arm to a 5 or 6-axis by adding 160 degree wrist tilt and/or the Base rotation to 420 degrees

- **Kinematic Model** - Advanced kinematic modeling and collision detection – see a 3D model with the current position of the arm and flipper arms and warnings when arm is nearing a collision with the robot
- **Removable Release Hitch** – A removable remotely operated release hitch can be added to tow stop strips, etc. and release them.
- **Rear Stabilizer Arm** – Removable rear stabilizer arm that is actuated. Acts as a stabilizer when ascending stairs and other steep inclines to help prevent roll over.
- **HAZMAT sensors** – If you need to see if the atmosphere is safe, we can install MultiRAE gas sensors including radiation detection.
- **Additional Battery Packs** – 24V 19.2 Ah robot battery system and 11.1V control battery
- **Arm tools/accessories:**
  - Window piercing/tire puncture tool
  - Hook/object puller
  - Wire Cutter
- **Store and protect** – Protect your investment with a reusable foam lined transport case
- **Additional Customization** – Since we develop, design, and manufacture our robot, we can provide any additional customization desired upon request.

### Applications:

- **Hostage and hazardous surveillance** – Survey hostile/hazardous situations by staying out of harm's way.
- **Opening Doors** – With the multi-axis arm, things like doors will no longer stop you from surveying potentially dangerous locations.
- **Clearing rooms remotely** – Clear rooms and buildings remotely with audio and video surveillance.
- **EOD Disposal** – Our UGV is an excellent choice to keep people out of harm's way when it comes to bomb diffusing and removal.

## Pricing

1. Available upon request.
2. 1 year warranty included.

## Standard Payment Terms:

1. Payment by check, money order or wire transfer is accepted.
2. Listed price based on 60% Due ARO, remainder prior to shipment.

## Delivery

1. Procurement of materials, assembly and testing is required
2. Lead time is typically 8-14 weeks
3. Shipping cost FOB Fuquay Varina, NC

## General Terms

1. SuperDroid Robots, Inc is not responsible for special incidental or consequential damages resulting from any warranty or under any legal theory, including, but not limited to lost profits, downtime, goodwill, damage to, or replacement equipment or property, or any cost of recovering, reprogramming, or reproducing any data stored. ANY LIABILITY SHALL BE LIMITED TO REPLACEMENT OF DEFECTIVE PARTS. SuperDroid Robots, Inc. is further not responsible for any personal damages, including, but not limited to bodily and health damages resulting from any use of our products.
2. SuperDroid Robots, Inc. makes no representations as to the fitness of its products for specific uses. ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS HEREBY EXCLUDED.
3. Agreements shall be construed in accordance with the laws of the State of North Carolina, and the rights and obligations created hereby shall be governed by the laws of North Carolina.
4. In the event a dispute or controversy arises, such dispute or controversy (including claims of default) shall be brought in the courts of Wake County, North Carolina and the plaintiff hereby agrees to this choice of venue.

## Warranty

1. SuperDroid Robots will repair any manufacturing defects for 1 years after shipment. Damage from abuse or neglect will not be covered. Any shipping costs are the responsibility of the purchaser.
2. Unlimited technical support.
3. Consumable items will not be covered by the warranty. Consumable items include, but are not limited to treads, chains, bearings, wheels, and batteries.
4. Extended warranties, spare parts, and maintenance training is available, contact us with specific needs. Service agreements are also available.
