

## HD2-S Surveillance Platform

---

### HD2-PTZ-327.363.4 Advanced Configuration

The SuperDroid Robots HD2-PTZ-327 Surveillance Robot is a large sized, rugged robot that can be quickly deployed in an emergency. Weighing about 75 lbs, this treaded robot is ideal for stair climbing and rough terrain as a first set of eyes in a hostile environment for hostage and hazardous surveillance.

*Images shown may not be an exact representation of the robot's features listed in this document*

### Robot Specifications

- This weatherproof robot comes complete with chassis, motors, motor controllers, batteries, and tracks.
- Robot Run Time: Up to 8 hours.
- Speed: 0 to 4 ft per second, infinitely adjustable/controllable.
- Weight: ~75 lbs
- Dimensions: Total Width: ~20", Total Length: ~38", Height: ~20" (top of roll cage).
- Assembly: The entire robot will be assembled, configured, tested, and supported by our professionally trained staff here in NC

### Operator Control Unit

- COFDM Digital Radios
- Integrated two-axis joysticks
- 7" TFT LCD
- Status LCD
- Lithium-ion battery
- Light-weight
- Rugged Pelican case style enclosure
- Optional repeaters and secondary monitoring stations

### Included Features and Options:

- **Camera System** - An integrated PTZ camera with 27X optical zoom is mounted to the main chassis and protected with a heavy duty roll cage. 360 degrees of pan and 50 degrees of tilt let you see everything.
- **Reverse View Camera** – Allows you to switch between cameras and quickly get a rear view.
- **High Intensity LED Lighting** – Remotely operated light illuminate dark rooms.
- **2-Way Audio system** – Two-way audio system provides audio surveillance and negotiation capabilities.
- **Removable Release Hitch** – A removable remotely operated release hitch can be added to tow stop strips, etc. and release them.
- **Battery Charging** - The chargers are fully automatic and will charge all the batteries simultaneously.
- **Store and Protect** - Protect your investment with a foam lined shipping and transport case.

### Available Options and Upgrades:

- **Controller options** – We have multiple available radio and controller options. The radio systems we offer are Wi-Fi, digital, and COFDM. For the controller styles we offer rugged handheld and pelican case style enclosures.
- **Repeaters and monitoring stations** – Repeaters and monitoring stations are available to significantly increase the robot's operating range and/or assist second entry teams.
- **HAZMAT sensors** – If you need to see if the atmosphere is safe, we can install MultiRAE gas sensors including radiation detection.

### Applications:

- **Tracked Chassis for climbing stairs and obstacles** - The tracked design allows this robot to climb over most obstacles and go up and down stairs.
- **Remote Surveillance** – With the integrated PTZ camera featuring 360 degrees of pan and 50 degrees of tilt and 27X optical zoom, you see everything.
- **Entry into difficult areas** - This tracked robot is rugged and has the ability to traverse many obstacles that often stop other robots.
- **Hostage and hazardous surveillance** – Survey hostile/hazardous situations by staying out of harm's way.
- **Clearing rooms remotely** – Clear rooms and buildings remotely with audio and video surveillance.
